

CONSUMABLE PARTS FOR SNIF™ DEGASSING SYSTEMS

APPLICATIONS

- For use with all types of SNIF degassing systems

ADVANTAGES

- PY-9B and PY-11B stators offer extended life
- Oxidation-treated graphite resists air burn
- Machined with CNC equipment to ensure parts meet or exceed original manufacturer's specifications, quality and tolerances

AVAILABILITY

- Complete replacement packages
- Individual components

Pyrotek offers a complete line of replacement parts for SNIF degassing equipment. The new PY-9B or PY-11B stators, designed by Pyrotek, offer greater oxidation resistance than standard stators. Standard stator assemblies, vacuum formed sleeves and insulations kits are also available.

Note: The physical and chemical properties listed represent typical, average values obtained in accordance with accepted test methods and are subject to normal manufacturing variations. They are supplied as a technical service and are subject to change without notice.
